CONTESTED SEATS.

A Washington dispatch says the reports that Senator Hearst of California is not to be allowed to take his seat without a contest, together with the fact that there will be a struggle also before the West Virginia and Indiana Senatorships are settled, causes uneasiness among the Democratic politicians who had counted on getting Riddleberger of Virginia to abandon the Republican side of the chamber. With Riddleberger voting with them the Democrats would tie the Republicans, and the latter would have trouble in retaining control of the Senate, but if two or three seats remain vacant for a season or until everything is under way for the session, there will be no hope of any gain for the Democrats, with or without Riddleberger.

The opinion has been expressed that the Senators holding the certificates will, as is the custom in the House of Representatives, be allowed to take their respective seats pending a decision of the contest, but such is not the case. The Senators are not allowed to take any part in the proceedings if their credentials are questioned until the matter has been examined into by the Committee on Privileges and Elections and the Senate comes to a decision touching the recommendations of the committee's report. Democratic politicians are doing their best to patch up a truce with the opponents of the different Senators whose seats it is understood will be contested. The affidavits which, it is alleged, have been filed affecting the election of Senator Hearst, are said to come from an unexpected quarter, and are based upon the conversation which he was reported to have been a party to, at Chamberlain's, in this city, wherein the Senator has been quoted as saying that while his election cost him a good-sized pile of money, he was determined to "scratch his name as Senator."

In the West Virginia case the fight is wholly among the Democrats, and the members of that party are afraid the fight will be continued in the next Legislature, which is to elect a successor to Senator Kenna. Lucas still claims to be Senator-elect by virtue of his appointment by the Governor of his State, the certificate of which he holds, while Faulkner has no certificate, though chosen by the Legislature. The questions involved in the case, as to whether or not the Legislature had a right to choose him when it did, is a new one in the history of Senatorial contests. It is not known how it will be settled, though Faulkner's friends are confident. Lucas has been here and demanded of the Public Printer the removal of certain employees, alleged to have been given places on the recommendation of Faulkner. From present appearances the breach within the ranks of West Virginia Democracy cannot be healed, and there is a good chance for the election of a Republican in place of Kenna by the next Legislature to be elected.

The charges against Hearst are said to emanate from his own party, which, if true, leaves the Indiana case the only one where a contest is made by the Republicans for the seat. It is fair to presume that all three States will lack their full representation in the Senate during the early part, at least, of the coming session.

TAX THE LANDS.

Wm. H. Mills, Esq., Land Agent of the C. P. R. R. Co., wrote a very significant letter to B. L. Fulton, of this place, which was published in the Gazette on the 9th instant. He asserts and claims, in behalf of the Company, that the grant from the General Government is a sufficient muniment of title, without a patent, to protect the Company in its rights to all the odd sections of land within the railroad grant limit, and that the Company is entitled to the possession of these sections.

To sustain the position taken, Mr. Mills appends to his letter the instructions given by Judge Henderson, in the First Judicial District, Territory of Utah, in a case in which the question of the Railroad's title was involved. The Court clearly held that on filing with the Secretary of the Interior a map of definite location of the line of the railroad, showing the route, the title of all odd numbered sections, on either side of the railroad within twenty miles thereof, passed and vested in the railroad company. This being so, the Company undoubtedly has property in these lands

which makes all of them subject to taxation the same as the lands of any other corporation or those of an individual. As evidence of the Company having property in them, it is selling tracts agreeing to give the legal title when the patents are obtained, and leasing odd sections to stockmen who seek them because it gives them the control not only of the railroad lands, but the adjoining sections which belong to the Government. If the Railroad Company has property in these lands, which cannot be questioned by its foes, and which is claimed by its representatives, they are subject to taxation and should be taxed as any other property. The Statutes say "All property, of every kind and nature whatever, within the State shall be subject to taxation," excepting certain property which is exempt, and these are not among the exemptions. It is not only the duty of the Assessor of Washoe county, but in every county in this State in which these lands are situated, to put them at a reasonable valuation, on the tax duplicate, for taxation. The Attorney General of Wyoming has rendered an opinion as to the legality of taxing lands owned by the Union Pacific Railroad Company, for which patents have not been issued in which he holds these lands belonging to the Union Pacific are clearly taxable, and that the Assessors should go ahead and tax the unpatented lands at their market value and that the tax could be legally collected. If this is the law as to the Union Pacific, it is as to the Central Pacific. We do not desire to advocate any unjust taxation, nor do we propose to screen any who should pay taxes and do not. We claim that any Assessor who fails to have these lands represented on the tax duplicate is derelict in duty. Of course the railroad will oppose this taxation and may resort to the Courts. If they do this and are victorious, which we do not believe they will be, we will submit, but until the question is settled otherwise by the Courts we shall claim the position taken by us is the correct one.

ANOTHER MINE DISASTER.

Eight Men Imprisoned in a Michigan Shaft.

MILWAUKEE, July 7.—A special from Marquette, Mich., to the Sentinel says: A terrible mine disaster occurred this evening in the Sturgeon river mine Metropolitan. A number of miners had just got a blast ready, when the water rushed into the mine so fast that many could not escape. Eight Italians are known to be in the mine, and are surely dead. It will be impossible to recover the bodies before morning, although work will be kept up all night. The names of the victims cannot be ascertained.

By the burning of a theater at Hurley, Wisconsin, last Saturday night, eleven actors and actresses perished in the flames.

Twenty-seven lives were lost by a yacht capsizing off New York harbor, Sunday evening.

Ben Holladay is dead.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-saw 5-1v

COUNTY EXHIBITS.

Washoe county is exempted from competing because it is the "local" home of the Society. The articles grouped together by any county as a whole, will not be excluded from competing singly, and may be entered in that manner, for the various classifications printed in the catalogue.

INDIAN PONY RACES.

On Thursday, Sept. 23d, Monday, Sept. 26th and Saturday, Sept. 29th the novelty of an Indian pony race will be provided, and the amusing sight of twenty or thirty noble red men of the forest, mounted on the wildest and most unmanageable cayuses imaginable, galloping around the track at break-neck speed, will, as they say at the circus, be alone worth the price of admission.

CLYDESDALE MEDALS.

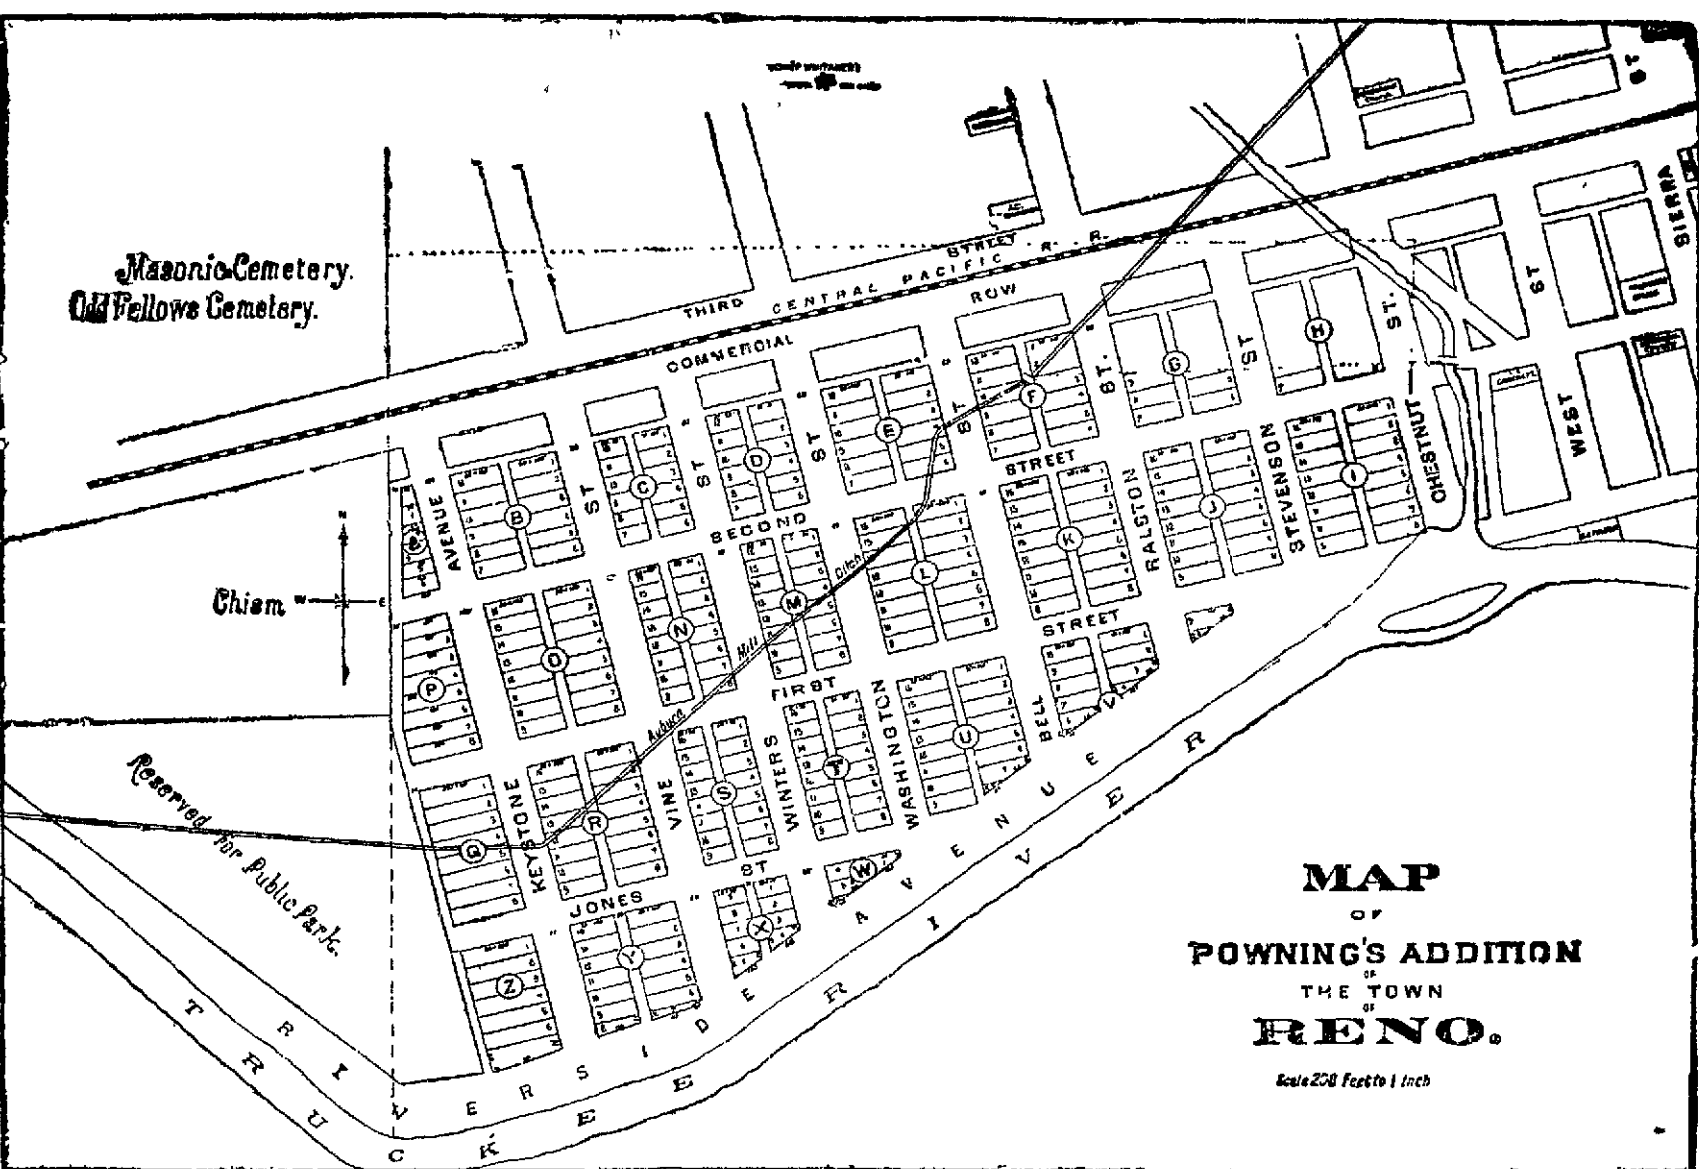

The American Clydesdale Association will give a valuable medal of suitable design for the best recorded Clydesdale stallion, and a similar medal for the best recorded Clydesdale mare bred in Nevada, and exhibited at the State Fair of 1887.

BALLOON ASCENSIONS.

Arrangements have been made for a series of balloon ascensions during the Fair, alike novel and exciting. Ascensions will be made daily from the race-track.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

PARKER'S MAP OF NEVADA.

PARKER'S NEW MAP OF NEVADA.

THIS NEW AND BEAUTIFUL

MAP OF THE STATE,

Has Just Been Published, and is Now Ready for Sale.

It has been completed with great care in order to render it being strictly correct, and furnishes a vast fund of valuable information regarding the topography of the State. There never has been a Map of the State prepared heretofore worthy of the name, and it is intended to fill a long-felt want on the part of citizens. It has been lithographed at large expense by the famous publishing house of Rand, McNally & Co., of Chicago, and does great credit to their well-known skill in the art. The Map is drawn on a scale of 12 miles to the inch, and shows all surveyed Townships up to date of issue, also all Mountain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes; it also shows the correct position of all Indian and Military Reservations, and all Cities, Towns and Settlements; also all Railroads and the principal Wagon Roads. The County Boundaries are also depicted with absolute correctness, which is something that no other Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick, top and bottom, with tape on edges and varnished; it is also printed on thin, strong paper, which folds up in stout covers for pocket form. The Counties are printed with different colors, making it altogether an ornament to any school house, office, saloon or private room, as well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief Draughtsman of the United States Surveyor-General's Office at Reno, who holds the copyright, and is the condensation of all information on file in that office, as well as the celebrated War Department Maps prepared by Lieutenant Wheeler; he has also had at his command other recent and reliable data on which to rely, and the Map is issued to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00,

And copies will be sent to any address, postpaid, upon receipt of the money. Parties ordering will be careful to state which style is desired—mounted or pocket form.

John W. Parker,
Reno, Nevada.
